## TOM RHEA HAS PROVEN FRIEND TO TAXPAYERS OF KENTUCKY

Played Important Part In Forcing Large Corporations to Pay Their Just Proportion of Taxes and is Best Qualified In Every Way for Auditorship

It is natural and proper that the Democrats of Kentucky should take a deep interest in the selection of their candidate for Governor on August 7, but they should not allow that race to overshadow all others and cause them to neglect or overlook other important races. Especially should they give their attention to the Auditor's race, for that position ranks in importance next to that of Governor.

The Auditor is the head of the fiscal affairs of the state and the head of the important Board of Franchise Assessments which fixes the franchise valuations upon which all corporations doing business in the state must pay taxes. The work of that board is of far-reaching importance to the people, and above all others, the Auditor, who presides as chairman of the board, should be a man well equipped and trained for its difficult duties, and one who is incorruptible and fearless, ready to compel the corporations to pay their just part of the revenues of the state, without being unjust to any corporation or person.

Such a man is Thomas S. Rhea, who is asking the nomination from the Democratic party, and there is not a man in Kentucky better qualified for the position or more deserving of the support of the Democrats. As State Treasurer for nearly four years in the present administration, he has been a member of that board and a leading spirit in its splendid work. With his intelligent and active assistance, the franchise assessments upon corporations have been so increased that the state is now receiving several hundred thousand dollars more in revenue every year than ever before. The board has increased the franchise valuation upon all corporations from \$48,000,000 to \$132,000,000. Four of the largest railroad companies, whose assessments were raised, have carried it into the courts; and, if the courts uphold the action of the board, the increased revenue, together with the large increase from other corporations, which have not contested the raises, will be a great help to the taxpayers, and in a reasonable time aid materially in paying off the indebtedness of the state.

In the four years of this administration, the increase of revenues from the increased assessments of those corporations, which have not made contests, will alone amount to a sum to the state far in excess of a million dollars; and the increase of revenues from the same sources to the counties, cities, towns and school districts will amount

to about two million dollars for the same period. Should the courts uphold the action of the board in regard to the four railroad companies, it would add about one million dollars more to the state, and about two million dollars more to the counties, cities, towns and school districts in the same four years.

No man has had more to do with this great work than Tom Rhea, and no man now seeking a nomination for a state office is better prepared than he to render useful and valuable service to the state and to the people in the next four years. No other man seeking this office has ever had the slightest experience with its duties. Some of his enemies, at the beginning of this campaign, undertook to criticize him and his record as an official, but they had to quickly abandon such attacks, because the published facts clearly disproved their misrepresentations. In the next administration, Mr. Rhea would prove himself a tower of strength to the state in the conduct of its revenues and fiscal affairs.

As a Democrat and party worker, there is not a blot upon his record. Four years ago, when he was on the state ticket as the nominee for Treasurer, he added great strength to the ticket, as was shown by the increased majority of 2,500 given in his judicial district alone. Last fall, in the Senatorial and Congressional races, he was chosen by the Democratic State Committee as Campaign Chairman, and under his intelligent and successful management and organization, the Democratic majority in the state was increased to 32,000.

Tom Rhea has always been true to the party and its nominees. He has never bowed nor sulked when things did not go his way in primaries or conventions. The Democratic party in the campaign this fall needs him up to the ticket. No other man can give it greater strength or do more to insure its success in the November election. He is a man of pleasing and attractive personality, free from malice, kind, considerate to all, a temperate and a temperance man, never having touched a drink of alcoholic liquor in all his life, and, all in all, he is a man worthy in the highest degree of the confidence and support of all good citizens. The Democrats of the state could not find a better man to nominate for any office than Tom Rhea; and, if the signs indicate anything, he will be the nominee for Auditor by a handsome majority in the primary on August 7.

## THE ALPHABET FAMILY IN POLICE COURT. A STRANGE CASE.

Sometime ago unknown parties played the "dumb-bell" trick on a quiet citizen of this place, living on Old Main street, bringing him into fits and causing loss of sleep. He was greatly rattled over the outrage and has been lying low and playing sleuth ever since to locate the butchers of his repose. Upon his information the whole Alphabet household, twenty in all, was hauled into police court and the case tried before Judge Griffin, one day last week. "And" (&), one of the defendants, attempted to prove an alibi claiming that he was not one of the family, but the Judge ruled that he was a "go-between" and was put on trial along with the balance of the gang. The testimony given by Sam and his witnesses, indicates that eight of the accused parties are always in "mischief", seven are never out of "trouble", there are bad, only three are good; four are mean, six condemn; six praise; four boast while five wield the hammer; nine are found to be dishonest, three will rob you and four have gone to the dogs; ten are industrious while four are lazy; three are hot members and three are as cold as ice; there is one more in heaven than in hades; yet there are more in torment than are at rest; four are as sane as Harry Thaw, five crazy; six are bright, six medium and three dull; there are seven colored, five yellow, five white five black and three red members among them; five are ready to fight at the drop of the hat; five carry chips on their shoulders; eight are peaceful while seven are rank cowards; only eight out of the twenty six are sociable, five are crusty, four are cross, four ugly, eight are handsome; five are jovial. Only in fox chases do they all get together and have a hog killing time when "the quick brown fox jumps over the lazy dogs".

The Judge reserved his decision pending his efforts to have the parties compromise the case by having them agree to pay plaintiff

all damages occasioned by that gentleman in his wild run from the dangerous "dumb-bell", destroying clothes lines, wheelbarrows, lawns, etc., and wrecking the house when the race began. He had none when his friends found him in a corn field half mile from home at 3 a. m.

## BROADHEAD

Misses Lucile P. Broadhead and Ruth Sowder were in Mt. Vernon last week shopping in R. S. Shivel and John Robins attended the Broadhead fair two days last week. Broadhead has a splendid fair and the Broadhead fair has been one of the some fancy advertising for the home fair. Mr. and Mrs. Walter Robins visited his sister, Mrs. W. P. Rigby, near Lancaster last week. Mr. and Mrs. W. H. Anderson were guests of his parents in Preacher's section last week. Some two or three extra gangs are here making ready for the new depot building. Several car loads of material have already arrived, and things are looking good for depot facilities that old Broadhead will be duly proud of. It is said that when the plan are completed that we will have the best depot between Stanford and Corbin. Frank Robins sold ten 250 hogs to John Rigby last week for seven cents. John A. Brown of Level Green section left last Saturday for Iowa. Prof. J. L. Hinton rendered valuable service to the fair secretary this week. He mailed each teacher that attended the Institute a complimentary to the Broadhead fair, and assisted in many other ways. Ed Cundiff, County Court Clerk of Casey county, returned from Liberty last Sunday, and spent the day with Mr. and Mrs. J. B. Pike. His daughter, Miss Gertrude, Mrs. Cora Bell and the Misses Cable accompanied him here. The Misses Cable had been guests of the Liberty folks for the past two weeks. Ed Owens, who has a good position in Ohio, is with his parents, Mr. and Mrs. J. M. Owens for a two weeks visit. Miss Gertrude Roberts was quite ill during the week, but Dr. Gravelly reports her much improved. Miss Ella Carson was here from Mt. Vernon from Saturday until Monday. Mr. and Mrs. J. Thos. Cherry were here from Crab Orchard last Sunday, the guests of Mr. and Mrs. Smith and Grandville Owens and family. John Tharp and sons, Ted and Frank, of Colgate, Oklahoma, are here for a few weeks, the guests of his mother and sister, Mrs. Bettie Tharp and Mrs. Wm. Francisco. The writer had the pleasure of attending the first day of the Mt. Vernon fair. The fair was fine, the attendance good and everything was there to make one of the best fairs in this section. Sorry indeed that circumstances were such that we could not attend every day. Dr. W. F. Carter was in Louisville the first of the week shopping. C. C. Howell was advertising for the Broadhead fair from Crab Orchard thru Ottenheim, Woodstock and points in Pulaski the first of the week. John Robins attended the Blue Grass Fair at Lexington during the week, booking some good concessions for the Broadhead fair. A number from here attended the Mt. Vernon fair Thursday and Friday. Everything is now ready for greatest event of the year, the Broadhead fair. We are just waiting for the day to arrive, and we know everybody will be here. The secretary received a letter under date of August 4 as follows: Dear Sir:

I am today in receipt of your letter of July 31st in respect of coach on our locals, August 11, 12 and 13th to handle travel between Livingston and Broadhead for the Atlantic and Pacific, North and South America Fair. I have taken this matter up with our people, recommend that we put the coach on locals, and I am expecting to attend the fair myself. Hope you will have the biggest one ever.

Yours truly,  
(Signed) W. O. Dilley,  
Master of Trains.

## NATIONS INCREASED FUNDS TO PARTICIPATE WHEN WAR WAS DECLARED IN EUROPE--SEE AMERICA FIRST IN 1915

The opening of the Panama canal appeals to all the world. The Panama-Pacific International Exposition, which opens in San Francisco on February 20, 1915, and closes December 4, 1915, will be the greatest manifestation of national achievement since the Declaration of Independence.

Within three weeks after the European war broke out the Argentine Republic, in view of the new trade alignments between the North and South American republics increased its fund for participation in the exposition from \$1,200,000 to \$1,700,000; Holland increased its fund from \$100,000 to \$400,000 and ordered construction rushed upon the superb Netherlands Pavilion, next to the Palace of Fine Arts. Japan, through Consul-General Nunano at San Francisco, asked for increased exhibit space in the exhibit section and promised that the superb Japanese Pavilion will be completed in very detail upon the opening of the exposition. During the Japanese-Russian war Japan made a splendid exhibit at the great Louisiana Purchase Exposition in St. Louis. France cabled that there had been no changes in her plans to take part in the exposition.

Thirty-nine nations will be officially represented at the Panama-Pacific International Exposition. The nations have appropriated huge sums for participation, China, for example, having appropriated \$500,000 for the superb Chinese Pavilion, which is being rapidly rushed to completion.

Six months before its opening, the exposition was more than ninety per cent completed.

Thousands of Americans who have never toured the United States will make the great circuit of the country with the beautiful and colossal Panama-Pacific International Exposition as their objective point in 1915. More than \$500,000,000 has been expended in Europe every year by American tourists, but next year the traveling world will "See America First."

sults of a post card canvass

## TO WHOM IT MAY CONCERN:

Bloomfield, Ky., May 24, 1915  
I understand that one B. C.  
Lewis, of Barbourville, is before  
the people asking them for their  
suffrage in a race for the Republi-  
can nomination for the State  
Senate. This man has been con-  
nected with Union College as  
principal of Normal Dept. My  
business dealings with him have  
been unjust and unsatisfactory  
to me. And again the stabbing  
of my son by his nephew, who  
were at that time under his care  
and protection, have been turned  
loose and no indictments made  
for this murderous assault. My  
son and daughter were in the  
dormitory at Union College and  
as I thought would be reasonably  
taken care of by the people in  
charge of the school but when  
Charley was struck in the head  
and stabbed in the back almost to  
death by his nephew B. C. Lewis  
kept it a secret from my daughter  
for some time, also did not inform  
his grandparents or his uncles and  
aunts and other relatives who  
lived near by in Barbourville at  
all, but they happened to hear  
that Charley had been stabbed  
twelve hours before. This bloody  
disgraceful affair cannot be truth-  
fully denied by B. C. Lewis nor  
do I understand why an intelli-  
gent people would encourage a  
man like this as a teacher or a  
politician, because there are too  
many real men in the country for  
the people to take chances on a  
man about whom there hangs a  
cloud and who is not known to all  
the people. I am a Republican  
and have been a friend of Union  
College but for the benefit of all  
who are concerned to be careful  
who you select for our business  
managers in school and in politics.  
My letters to the president and  
some of the board have been  
respectfully answered but when I

wrote to B. C. Lewis he treated  
it with silent contempt.

Verv truly,  
JAMES R. PRATHER.

## YOUR COUGH CAN BE STOPPED

Discovery has been used success-  
fully for 45 years and is guaran-  
teed to cure you. Money back  
if it fails. Get a bottle from your  
Druggist; it cost only a little and  
and will help you so much.

## Teachers:

I am addressing myself pri-  
marily to you and to all citizens  
in general, in behalf of my can-  
didacy for the Republican nomi-  
nation for State Senator. While  
a member of the Kentucky Legis-  
lature and the minority leader,  
I advocated and voted for the very  
best school measures and inter-  
ests that came before the House  
as endorsed by the Republican  
party, and shall likewise so vote  
if elected to the Senate.

I introduced bill to pay teach-  
ers in attendance at County Insti-  
tutes, once a law but repealed.

I favor better paid teachers;  
longer term of schools, non  
partisan management of all  
school affairs down through its  
every branch of government.

I favor FREE TEXT BOOKS,  
tablets and pencils and the like  
in the grammar schools of this  
Commonwealth, such as exist and  
are successfully operated in many  
northern states. I shall bend  
every ounce of energy and ex-  
perience to this end. I shall ad-  
vocate a law exempting holders  
of life certificates as teachers in  
this Commonwealth from standing  
an examination to qualify as a  
County Superintendent of Schools.  
This would encourage teachers to  
higher education and thereby  
make more people eligible to the  
office of County Supt.

I have served for the past four-  
teen months as Chairman of Bar-  
boursville Board of School  
Trustees, and had the pleasure to  
sign recently a contract for a new  
\$17,000 school building, now  
under construction at Barbours-  
ville.

I am not a teacher and thereby  
not practical in that line of work  
other than in an executive or  
supervisory capacity, but I have  
had considerable experience as a  
legislator and its a pardonable  
pride, I trust, for me to say that  
I believe I am better qualified to  
represent the educational inter-  
ests of the people in the Senate  
than any opponent against me in  
this race.

Demerits or half a truth is not  
and shall not be my policy  
against my opponents. If I have  
merit above the others, vote for  
me; otherwise, vote for the other  
man. I shall appreciate your  
support and when nominated and  
elected I will know you as I  
now hope to know you as a citizen  
and friend.

Your late Supt. of Schools, the  
Hon. W. A. B. Davis, was a warm  
personal friend and supporter of  
mine, and doing everything that  
he could for me in my race for the  
Senatorial nomination up to the  
very day of his untimely and  
lamentable death.

Stand by me, teachers and Re-  
publicans of Rockcastle County  
and you will fulfill the earnest  
hope of my colleague in the  
Legislature of 1904, W. A. B.  
Davis, your friend, counsellor,  
well wisher, as well as my warm  
hearted and true friend.

My name is first on ballot in  
Senatorial column.

## Glad She Took Friends' Advice

Mrs. Catherine Meyer Finds Re-  
lief From Debility in  
Tanlac

Louisville, Ky., 7-28 15—Many  
women suffer from sluggishness  
and depression without being able  
to find relief from a condition  
which they know to be unnatural.  
One of them who did find relief  
is Mrs. Catherine Meyer of 1915  
High street, this city. She said  
recently that she had recovered  
from a condition of nervous de-  
bility through the use of Tanlac  
the beerless preparation.

"I was run down and felt tired  
if I made the least exertion,"  
she said. "I was melancholy  
and nervous. Any unusual noise  
startled me. My digestion was  
poor and I couldn't sleep well."

"Finally I became interested in  
Tanlac and sent to the drug store  
for a bottle of it. As soon as  
I began taking it I got better.  
Now I sleep soundly, and have  
recovered from my nervousness  
and depression."

Mrs. Meyer's experience is not  
unusual. Women often suffer  
from a tired, sluggish feeling  
without knowing the why of it.  
They are often subject too,  
to depression and melancholy.  
Where Mrs. Meyer found relief  
others may. She is one of hun-  
dreds who have given voluntary  
testimony to the value of Tanlac.

Tanlac can now be had in Mt.  
Vernon at the drug store of Chas.  
C. Davis and can also be obtained  
at The Central Drug Co's store  
Livingston, and John Robin's  
drug store Brodhead, Ky.

The tens and hundreds of  
thousands of enthusiastic patrons  
who form the clientele of the W.

this well conducted organization

practical sense of those familiar  
with popular forms of amuse-  
ment it is not a question for deep  
contemplation why this organiza-  
tion has met with success.

Quoting a criticism printed in  
the Alexandria, (La) "Town-  
Topics" of a recent date, the  
writer, after a careful review of  
the performance of the night  
before, gives, as his opinion, the  
following reasons why the W. I.  
Swain Shows are so popular:—  
"From the time the orchestra is  
"trung in", until the final drop of  
the curtain there is not a moment  
when something of interest is not  
transpiring. An orchestra of ten  
pieces enlivens the interest be-  
tween the acts and short address-  
es are given opportunely by Mr.  
W. I. Swain relative to the cur-  
rent bill and those to be seen dur-  
ing the rest of the engagement.

Mr. Swain in his initial remarks  
last night, disclaimed any desire  
to class his attraction with those  
charging \$1.50 for a seat, but he  
has been told many times that his  
shows give his patrons equal en-  
joyment. The performances are  
thoroughly clean, free from sug-  
gestion or innuendo and appeal  
strongly to family patronage.  
The good order maintained during  
the Swain shows is a striking  
evidence of their compelling inter-  
est."

The W. I. Swain Shows, with  
their big railroad equipment, solo  
band and orchestra and repertoire  
of new royalty dramatic success-  
es, will be in Brodhead for one  
solid week, commencing Monday  
Aug. 9. The performances are  
given in the largest tent ever  
constructed for a similar purpose,  
which is treated with the new  
discovery, "Kant L. ek", thus  
eliminating any chance of unpleas-  
ant results from the caprice of  
the weather.

## IS SICKNESS A SIN.

If not, it's wicked to neglect  
illness and means of relief. It's  
wicked to endure Liver ills,  
Headache, Indigestion, Constipa-  
tion, when one dose of Po-Do-Lax  
gives relief. Po-Do-Lax is Podo-  
phyllin (May Apple), without the  
gripe. It arouses the Liver, in-  
creases the flow of bile—Nature's  
antiseptic in the Bowels. Your  
Constipation and other ills dis-  
appear overnight because Po-Do-  
Lax has helped Nature to re-  
move the cause. Get a bottle  
from your Druggist to day. Get  
rid of your Constipation over-

J. C. FRITH, Pres.

JOHN ROBINS, Sec'y

and Secretary of Labor Wilson, is  
at work on a plan to relieve unem-  
ployment, under which the Feder-  
al Government would finance work-  
ers to take up farm land.

A complete programme, pre-  
liminary drafts of necessary legis-  
lation, is to be framed before  
congress meets in December. It  
is to be proposed in connection  
with a rural credit bill, which the  
Administration is expected to  
pass at that time.

The committee, which includes  
officials of the General Land  
Office, the Reclamation Service  
and the Department of Labor, was  
appointed specifically to consider  
means of broadening the scope of  
the Federal Employment Bureau  
in the Department of Labor, and  
it had the co-operation of officials  
of the Postoffice Department and  
the Department of Agriculture.

The plan now under consid-  
eration contemplates a system of  
credits, operating through the De-  
partment of Labor, which would  
enable workers in congested cities  
to take up agricultural land on  
Government reclamation projects  
or public lands on easy payment  
loans.

## LOCAL

The Fiscal Court will convene Monday and take some active steps towards getting the building of roads in Rockcastle started. We trust how rapidly it may all be done, and the people are anxiously awaiting the start.

**BIG EXHIBIT:**—The Queen & Crescent Route will operate a special agricultural and live stock train through Danville on September 7th. The train will consist of nine cars and will be equipped with all kinds of farm implements, agricultural products, livestock of beef and dairy breeds, poultry, livestock of various kinds and exhibits of minerals. Demonstrations will be conducted showing the proper methods of packing perishable products. Stereopticon equipment has been provided to illustrate the lectures. One very interesting feature will be the domestic science department under the supervision of two lady expert home science teachers. The entire expense of operation of this train will be borne by the Queen & Crescent Route in line with its policy of extending every aid possible towards the agricultural upbuilding of the territory served by it.—Danville advocate.

**Keep Kool**—see Fish's Kool clothes.

Boones Lane, at Furnie, has been surveyed and a good road will be constructed.

Everybody attends the Brodhead fair. This is everybody's fair and everybody is expected to be there.

E. J. (Bud) Anderson has bought the grocery of Luther Manus on Main St. Mr. Anderson took charge last week.

Mrs. C. E. Painter, of near Brodhead while sitting in her chair Sunday afternoon fainted and fell to the floor, striking on her left arm and breaking it just above the wrist.

The Locals will carry passengers at points between Livingston and Brodhead each day of the Brodhead Fair, special coaches being provided. Reduced rates on all rail roads.

Don't forget that you must be on the grounds at the Brodhead when the drawing takes place, if you hold the lucky number and are not present another number will be selected.

**STONE:**—Cut any size or shape, direct from the quarry at a price, less than you can build concrete. Shipped anywhere. Get my price. **JOHN RAMSEY**  
Mt. Vernon, Ky.

The W. I. Swain will spread its large waterproof tent at Brodhead for the fair week, this week this is the best show ever at this place and the people who like good amusement will enjoy every moment at the show.

"Electricity" the full blood razor back sand splitter, greased lightning breed, racing hog that old Cull has had in training for past four months, is a wonder. That is if Cull tells the truth. He says the porker can beat any mule or horse and he intends taking in all the fairs and most of the cash on hog-horse races this season.

Many have examined the buggy to be given away at the Brodhead Fair next week, also the two year guarantee which accompanies it and should you be the lucky person, and do not want the buggy some nice bids have been left for it with the Secretary, which you can take advantage of. No OFFICER, DIRECTOR, OR STOCK HOLDER WILL HAVE A CHANCE to draw it. Perfectly fair and square you stand an equal show with every one else.

All things are now ready for the BRODHEAD FAIR, eighty feet additional stable room, a nice large dining room located away from the crowded amphitheatre will help to make things more pleasant for the visitors this year. "Uncle Fuller" is the man to serve the meals at the popular price of twenty five cents. A new location for all the concessions, additional Floral Hall, in fact space will forbid us to describe the improvements which are now being added to the already pleasant arrangements.

The Secretary of the Brodhead Fair has had a valuable assistant this week in the person of Prof. Pilkenton principal of the Brodhead Graded school, who pledged to the 100 teachers in Rockcastle County a complimentary to the Fair and he is certainly seeing that his promise is being carried out by mailing each a ticket this week. Teachers we will look for you, sorry you won't have a chance at that Nice Rubber Tire Runabout, unless you desire to forget that "Comp" and buy a ticket which will entitle you to a chance.

The Brodhead Fair has contracted with one Mr. Dennis to make Balloon ascensions each day of the Fair, it will be remembered that Mr. Dennis was here some fifteen years ago, and went so high that his balloon was lost and found four miles east of Brodhead three days after the fair. To those not knowing this to be a fact may doubt this statement, but it is nevertheless true. His balloon was found in the Pine woods near Hickory Grove.

If there is a man that loves to soar above the clouds and will do it, it is this man, and if nothing happens you will have possibly the last chance to see him this year.

The attraction is old but where is the man woman or child that does not like to watch it.

**GOOD LOCATION:**—The West room of the lower story of the Masonic Building Livingston, Ky., which now belongs to the Masonic Lodge is vacant. It is a splendid room, safe from fire, a good location and in a good business town. Any one desiring to engage in business should investigate the opportunity here offered. This room is either for sale or rent. For further information call on or address the Trustees of Jackson Lodge No. 731 F & A. M. Livingston, Ky. 616 31.

John Reims Secretary has sold more concessions this year than any Fair Secretary has ever done heretofore, and they are all high class it there is any gambling this year at the BRODHEAD FAIR it will be without the knowledge of its officers.

This however does not mean amusements of different kinds which all can take part in, but the rank kind of Spindle hold up games and other things in this class has been cut out.

Square Abney, a brother of Deputy Sheriff Jack Abney, shot and killed his son-in-law, a man by the name of Shearer, at Langford Station, Monday morning. Shearer had been whipping and cruelly mistreating his wife who was Abney's daughter. Mr. Abney went to see Shearer about his acts and to try to persuade him to stop his way of doing. Shearer resented what Abney said seizing an iron rod began striking Mr. Abney, who warned off the licks with his aim until he could draw his pistol and shoot. Mr. Abney is one of the county's very best citizens, and his many friends regret the unfortunate occurrence, but on the other hand public sentiment is entirely in his favor.

Mt. Vernon put Booneway on the map and made it possible for locating Dixie Highway over Eastern route and through Rockcastle county and being a leader in all big things will bring the first aeroplane (or flying machine) to the county. Flights will be made at Mt. Vernon Fair on Thursday and Friday Aug. 5th. and 6th. Trips will be made high in the air over and around the town and fair grounds. Rockcastle citizens, and many from surrounding counties should avail themselves of the opportunity to witness the maneuvers of this machine that imitates the birds of the air, carrying passengers high above the earth.

On account of the fair, a broken press, which happened not to be half as badly broken as we thought at first, and several other things, the greatest of all, the desire to take a day or two in rest from the print shop, the Signal is a day late and somewhat short of good live reading matter which is always our desire and greatest effort to have the best and to cover the entire county, with the latest of the local happenings from every locality. Now, that the election, the fair at Mt. Vernon are over, and Brodhead will close next week, we want to urge our correspondents, to give us a letter each week. The election and fair talk being over the people are ready for the local happenings and through our correspondents we want to be able to meet this demand by giving the news from every section of the county.

The Mt. Vernon fair has come and gone. From a standpoint of fine weather, an enjoyable time and a splendid exhibit was a great success, but from a standpoint of finance, it was not what was expected. It was predicted that the primary election coming just after the fair would keep many away and sure enough it did. The attendance was very much smaller than ever before and all due to the fact that the report got circulated that there would be an overabundance of "booze" and a regular knock down and drag out time. A more quiet gathering was never had and there was as little drinking on the grounds.

There is nothing else to it, but that the fair was the victim of circumstances and caught a hot deal in the running. In our next issue we will give a list of the winners and a more complete account.

Buy a 25 cent ticket to the Brodhead fair next week and get a chance on the \$85. buggy. Examine the vehicle, it will be on their grounds each day of the fair and will be given away the last day.

## COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

## Home Care of Consumption

Have you tuberculosis? Must you make your fight at home? This is the question that the State Tuberculosis Commission at the National Building, Frankfort, has prepared a book on the home care of consumption which it will send on request free to any physician or health officer in the State. This book will make the physician in any case. It is intended to help the doctor and the patient.

The book gives helpful suggestions about how to use fresh air; how to prepare attractive dishes for the patient; how to protect the family; how the disease will not spread to others. Prominent physicians and social workers have written and approved the book. Any one who needs the book may obtain a copy by writing to the State Tuberculosis Commission, Frankfort.

## A Seven Months' School Term With Increased Salaries For Teachers Per Month

### HAMLETT'S RECORD IN OFFICE

#### BARKSDALE HAMLETT WILL BE THE DEMOCRATIC NOMINEE FOR SECRETARY OF STATE.

Barksdale Hamlett, of Christian County, the leading candidate for the Democratic nomination for Secretary of State, declares for Kentucky a seven months' school term, with a per capita of \$5.25, an increase of 75c over last year.

The establishment of a seven months' school term with the increase of the teachers' salaries, and without an increase of taxation, is the greatest educational achievement in the history of Kentucky, as well as the greatest financial achievement. The man has taken rank as an expert—a wizard of finance among the leaders of the Commonwealth.

When he went into office four years ago, there was a deficit of several hundred thousand dollars in the treasury of the school fund. He re-adjusted completely the system of school finance in such a way as to pay off the deficit; to increase the per capita from \$4.00 to \$5.25; to pay the teachers promptly every month—something never done before in the history of Kentucky; and to accomplish the end for which he has labored for eighteen years, that of giving to the people of Kentucky a permanently established school system with a term of seven months.

While State Superintendent of Public Instruction, he has established new precedents, serving personally as a leader in the field. He has given to the people of Kentucky a school free and accessible to every child. In every rural district in Kentucky, his personal leadership has brought about improved facilities in the office of every County Superintendent in Kentucky.

He secured a rational and effective compulsory attendance school law, by which the attendance in the public schools of Kentucky has increased more than 35 per cent, placing Kentucky in the foremost ranks of the States of America for educational and industrial progress.

The Course of Study prepared by Mr. Hamlett as Superintendent of Public Instruction, embracing the elements of agriculture, domestic science

and mechanical arts, is a recognized guide for the conduct of the schools not only of Kentucky, but for many other States.

He has accomplished the establishment of county high schools accessible in every county in Kentucky. He has stood for and promoted the employment of and accomplished for the schools of Kentucky the services of teachers of the highest scholarship, character and personality.

Under his administration of the public school system of Kentucky, there has been a vital co-operation of all factors looking to the improvement of Kentucky's industrial conditions. He has lent his best efforts to the building of good roads and to securing the consolidation of schools wherever and whenever practicable, that the greatest good might be accomplished at the least possible cost to the people.

One of the chief functions of the office of Secretary of State is membership on the State Board of Education. In this capacity he will continue to give his best efforts and services to the cause of education. As a member of the State Board of Valuations and Assessments, as a member of the Sinking Fund Commission, and as a member of the State Printing Commission, Mr. Hamlett will serve the people and conserve their finances as he has done in the management of the school funds of the State, and if the people will elect others like him on these boards, Kentucky will soon be out of debt and her finances be in a most prosperous condition.

A young man at the age of thirty-six, having served faithfully for four years in one of the most important positions of trust in the gift of the people of Kentucky, he now seeks the endorsement of his party if the people think he has served them well. If his record has been good, if his services have been worth anything to the State of Kentucky, then the people of Kentucky will certainly elect him Secretary of State.

## EXTERIOR OF THE HEALTH EXHIBIT CAR

This shows a whole school with a number of adult passersby who have just viewed the health exhibit sent out over the railroads of the state by the Kentucky Tuberculosis Commission. These exhibits show in simple form all the average layman needs to know about how he may catch consumption, how he may be cured of the disease and how this great plague may be driven out of the state.

## READY FOR THE ROAD

THE Kentucky Tuberculosis Commission in an endeavor to reach the people of the rural districts of certain counties in the state has equipped an automobile with an entire outfit for producing moving pictures. Films regarding tuberculosis, supplemented by stereopticon slides and accompanied by a lecturer, were used last summer to reach over 21,000 people in nine different counties. Most of the demonstrations were given in the open air, besides country churches and schools, and in every case the teachers and physicians of the county were co-operated heartily in taking this message of good health to as many people as possible. The record attendance was 750 in one evening at a tiny village several miles from the railroad. This equipment will be used again during the coming summer.

### Danger Signals

NATURE has planned some signals to show danger to a person's health. The signals which may indicate tuberculosis are given below:

First.—A cough that hangs on for more than a month.  
Second.—A gradual, steady loss of weight, and often of appetite.

Third.—A slight feverish condition, lasting a little while every afternoon.

Fourth.—A loss of strength or energy.

Fifth.—Streaks of red in the sputum.

Sixth.—Sweats at night.

Any one of these things may indicate tuberculosis, and they may indicate something else. If any one of them persists more than a month without any sign of recovery, go to a doctor and ask for a careful examination. It may not be tuberculosis, but it is best to know exactly.

Do not trust in any patent medicine to relieve you of any of these symptoms. Most patent medicines do more harm than good.

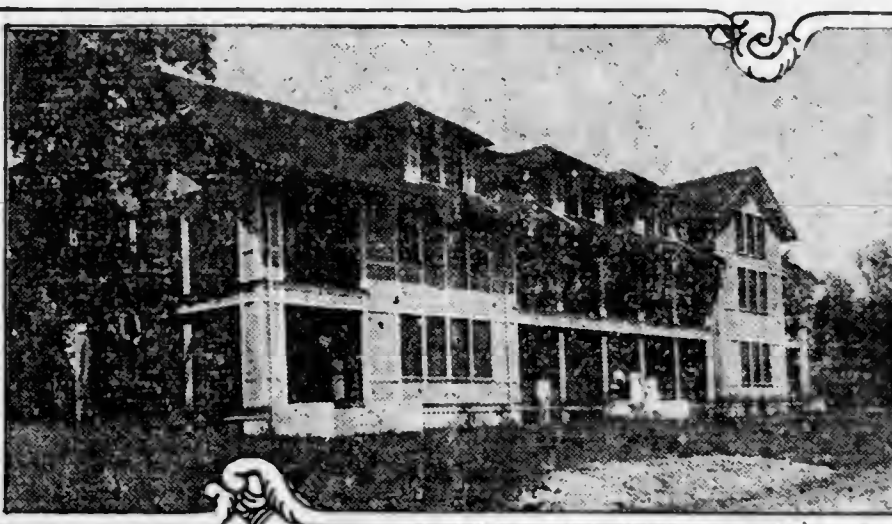

This information, given by the Kentucky Tuberculosis Commission, is accurate, and a knowledge of these things applied to your own condition, if you have tuberculosis, may lead you to the physician in time to be saved.

### Home Treatment For Tuberculosis In Summer

BUILD a floor on a dry bit of ground. It is best to have it raised a few inches above the ground. Erect a tent over it, get a reclining chair and some simple furniture, and you are ready for a cheerful life at home while you fight that dread enemy, the Great White Plague.

### Administration Building and Infirmary, Hazelwood Sanatorium, Louisville

THIS building, with adjacent cottages, is the only place in Kentucky for the reception of any case of tuberculosis except for the Jefferson County Hospital, Waverly Hills Sanatorium and the little Jackson Hill Sanatorium at Paducah. White patients in all stages of the disease may here receive the essentials of treatment—namely, medical supervision, fresh air, rest and correct diet. The rates are \$12.50 per week. Any person interested in obtaining treatment here should address Dr. Oscar O. Miller, Resident Physician, Hazelwood Sanatorium, Rural Free Delivery No. 2, Louisville, Ky. The head nurse is Miss Catherine Hoce of Louisville.

Prominent physicians from all sections of the state comprise the medical advisory board, of which Dr. Ap Morgan Vance is chairman. F. A. Sampson is superintendent.

### Exhibit Car of the Kentucky Tuberculosis Commission

THE Tuberculosis Commission equipped a railroad coach with an exhibit regarding tuberculosis and how to prevent the spread of the disease and has sent it to many points in the state. By means of pictures, descriptions, toy houses and electric devices the whole story of the cause, cure and prevention of consumption is told in graphic form for the passerby. In a little over a year 68,000 people have been reached in all sections of the state. Especial pains have been taken to reach teachers and school children so that this message of good health may be communicated through them to as many people as possible.

JET THE MAN WHO WANTS THE FARMERS TRADE

### McCHESNEY THE MAN FOR VICTORY IN NOVEMBER

Temperance Vote In Country Districts and Mountains Will More Than Make Up For Liquor Men Who May Bolt—Elections of Last Few Years Prove This

The liquor candidates and the liquor organs in their desperate efforts to stem the rapidly increasing strength of Mr. McChesney, and to prevent, if possible, what seems to be his probable nomination as the Democratic candidate for Governor in the August primary, have been industriously circulating the report that he is nominated he can not be elected in November. They base this statement upon the idea that the whiskey and beer Democrats could not vote for him, or for any other dry Democrat, if he is nominated. In other words, they admit that, although the liquor Democrats will take a very active part in the primary against McChesney, they will not hesitate, if he is nominated, to bolt his nomination and vote for the Republican ticket. There is some truth in that threat, for that is just what they have been doing for many years. Most of them do not seem to be bound, by any sense of honor or obligation, to support the nominee after they have taken part in the primary. Admitting to be true their purpose to bolt Mr. McChesney is nominated, and that is what this talk amounts to when they say he could not be elected, let us see whether or not it is to be feared.

The people of Kentucky remember very well that in the Senatorial primary last year, the same kind of talk and threats were used against Governor Beckham. Mr. Stanley, the liquor candidate for the Senate then, as he is the liquor candidate for Governor now, used the same argument; so did the same liquor newspapers. What this argument amounted to in effect was that, if Beckham was nominated, the whiskey and beer Democrats would bolt him, while if Stanley should be nominated he would get all of those votes and also the votes of the temperance Democrats, who would be too honorable and too good Democrats, to bolt the party nominee after they had taken part in the primary. The result of that primary should be fresh in the memory of Kentucky Democrats.
